

Grillon 92.13 - 92.19 - 92.25  
from 39 000 to 77 000 BTU/hr

In addition to their popular solid fuel cookers, Fonderies Franco Belges offer a range of boilers and wood-burning stoves. The boilers include the new look La Grillon, a sturdy, versatile and attractive central heating boiler, in three different models and with a new streamlined fascia.

Lorraine 134.10.03  
41 000 BTU/hr

A Lorraine is the latest solid fuel room heater, now available in black cast iron finish or a range of enamels (green, brown, blue) to blend or contrast with the decor of today.

#### Total heat output (Btu/hr)

|              | 82.904 | 82.906 |
|--------------|--------|--------|
| A Wood (1)   | 44,000 | 59,000 |
| A Solid Fuel | 55,500 | 75,000 |
| B Wood (1)   | 67,000 | 87,000 |
| B Solid Fuel | 71,000 | 91,000 |

#### Maximum water heating\* output (Btu/hr) (2)

|              | 82.904 | 82.906 |
|--------------|--------|--------|
| A Wood (1)   | 32,000 | 47,500 |
| A Solid Fuel | 42,000 | 63,000 |
| B Wood (1)   | 53,000 | 73,000 |
| B Solid Fuel | 57,000 | 77,000 |

A Grates in top position  
B Grates in lowest position

\* Oven electric heating element only applies to the 82.904 & 82.906  
(1) When burning dry seasoned wood  
(2) Water outputs are measured at a flue draught of, 0.06" water gauge and on a loading cycle of 3½ hours for solid fuel.

## Cooking as it used to be. Heating as it ought to be.
